

M E M O R A N D U M

A: Statement of Jules Ricco Kimble meeting Ferrie at the Golden Lantern and re subsequent flight to Canada with Shaw and Ferrie in late 1961 or early 1962.

B: Information sheet about ownership of the Golden Lantern.

C: U.S. District Court pleadings in which certain witnesses are referred to as well as the circumstances under which they saw Shaw and Ferrie together: Betty Rubio who saw them together at Lakefront Airport; Mr. and Mrs. Nicholas Tadin, who saw them together at Lakefront Airport; Herbert Wagner, who apparently saw them together at Ferrie's service station; Jim Louviere, who saw them together at Ferrie's service station and at Ferrie's house and James Laurent who saw them together at Ferrie's service station in 1964 (also mentioned in the pleadings are William Dunn, who saw Shaw and Ferrie with Lee Oswald at Clinton, Town Marshal John Manchester who identified Shaw and Ferrie as the occupants of the International Trade Mart's limousine at Clinton, Henry Earl Palmer who saw Lee Oswald at the Clinton ~~and~~ registration office and who identified Shaw and Ferrie as similar to the two men in the black I.T.M. Cadillac parked there and Corey Collins who saw Shaw, Ferrie and Oswald drive up together in the car. The latter group are among others whose testimony about seeing Shaw and Ferrie together is a matter of record at the Shaw trial).

D: Statement by Nicholas Tadin regarding seeing Shaw and Ferrie coming out of a hangar together at New Orleans Airport in the summer of 1964.

E: Statement by Mrs. Nicholas Tadin concerning seeing Ferrie and Shaw together at New Orleans Airport in the summer of 1964.

F, G, H and I: Statements and memos re Shaw being flown with White or Wight of Freeport Nickel Company (a subsidiary of Freeport Sulphur to Cuba at an unspecified time. The lead indicates that the plane, owned by Freeport Sulphur, was flown by Dave Ferrie. The purpose of the flight, allegedly, was to set up import of Cuba's nickle ore to a Canadian front which would in turn ship it to a plant to be constructed at Braithewaite (in Louisiana, near New Orleans).

J: Statement of Barbara Messina, Monroe, Louisiana, re having met Jack Ruby several times in 1963, in which she describes having been picked up on those occasions by "an elderly gray haired man in a Cadillac." (Obviously a lead in need of a thorough followup before being accepted or rejected).

K: Edward Girnius told of being involved in 1963 with individuals in Dallas (including Jack Ruby) who were engaged in buying guns. According to his statement, his activity in buying and selling guns and ammunition led him into Louisiana where, in May or June of 1963, he was introduced to Clay Shaw. Shaw, Girnius stated, informed him that he knew some men who wanted

Memorandum-Page two.
September 12, 1977

to buy guns. Afterwards he introduced him to a young man whom he called "Lee" and a man in a business suit. Girnius identified the young man as Lee Harvey Oswald. Girnius spoke of attending several parties where Shaw was present, at least one of which took place in Hammond (Shaw's home town) where Oswald also was present. Curiously, Girnius describes driving Oswald to "Catulla, Texas", in September, 1963, and then on into Mexico through Laredo.

L: Typewritten item in Shaw's address book (obtained by court order from his apartment on his arrest) concerning Layten Martens.

M: Police report concerning the November 24, 1963 arrest of Layten Martens and Alvin Beaubouef in connection with the investigation of David Ferrie by police investigators of the New Orleans District Attorney's office. This arrest was made in connection with the inquiry into Ferrie's strange trip into Texas on November 22, 1963 (to Houston, then down to Galveston). Martens and Beaubouef were found in Ferrie's apartment, waiting for his return from Texas. Martens and Beaubouef subsequently were released and the D.A.'s office arrested Ferrie on his return from Texas and ordered him held for the F.B.I. for questioning.

N: Police report concerning the August, 1961, arrest of Layton Martens. Report indicates that Martens showed I.D. card identifying himself as the Number Two man in the Cuban Revolutionary Front. (Sergio Arcacha Smith was the Number One man and David Ferris the Number Three man in that structure at this time).

O: Statement of Mrs. June A. Rolfe to the effect that ~~she saw~~ in the early 1960's she observed Clay Shaw in a light-colored Thunderbird convertible with the top down; ~~there~~ there were two young men in the front seat with Shaw and David Ferris — whom she recalls because of his strange "make-up job" hair was in the back seat.

P: Louisiana auto registration record of ~~1964~~¹⁹⁵⁹ showing that Shaw's car, at the time of this registration, was a Thunderbird convertible.

— apparently in early 1965, as he recalls it —

Q: Statement of Edward James Whalen concerning ~~Shaw~~
• David Ferris's persuading him to come to New Orleans, where Ferris introduced him to Clay Shaw. ~~See~~ During the course of several a number of meetings, he states that Ferris and Shaw sought to ~~to~~ ^{hire} him kill the District Attorney of New Orleans. One of the ~~the~~ meetings was at Shaw's apartment in the 1300 block of Dauphine Street, during which meeting Dean Andrews came into Shaw's apartment and spoke privately with him. Ferris informed Whalen that they had "received" "inside" information from Dean Andrews to the effect that "Jim Garrison was about to start an investigation into the assassination of President John F. Kennedy." Whalen ~~also~~ says, in his statement, that he turned down the deal because he wanted nothing to do with killing a District Attorney. [Note: Initially, back in 1967 when we obtained this statement, I dismissed it and set it aside as too preposterous. More recently, I have had to re-evaluate it as probably accurate because

R: Police report of August 18, 1961, concerning an investigation of David Ferris with regard to a run-away youth, who apparently lived with him for awhile, named Paul Alexander Landry. Landry was seen in Ferris's company at a time when they were picking up Layton Martens from work. Martens is described in the report as "working in the Baltus Building for a Cuban Organization helping Cuban refugees in the current Cuban situation, which is headed by Mr. Araccha Smith." In the report, Martens stated to the officer that he "sometimes stays with Capt. Ferris and that his mother had just recently moved and he wasn't certain of her address." The report goes on to describe a telephone call, in Ferris's behalf, made by Araccha in which Araccha stated that he could get the ~~boy~~ boy (Landry) back for them if they would get a signed statement from the parents indicating that they would not press charges against Ferris. This is another small item bit of information helping to illuminate the relationship of Layton Martens, an apparent protégé of Shaw's, to Ferris and Araccha David Ferris, Sergio Araccha and the anti-Castro Cuban organization.

and other ~~app~~ curious activity, apparently with regard to ~~his~~ his involvement in the Cuban affair.

S: Letter from Box 109, Hammond, La., concerning man named ~~writer~~ Robert Fragle (spelling perhaps phonetic). Writer states that he lived in New Orleans during the years of 1959-60-61 and knew Fragle, who also went by the name of Bob Sands. According to the writer, Fragle, who lived in the French Quarter, at several locations, was working with other men in ~~the~~ "organizing support for Cuba". He describes Fragle's travel activity: New York, Miami and, on at least one occasion, Dallas. The writer further describes Fragle's association with Clay Shaw who, through Fragle, the writer met on a number of occasions.

TO: JIM GARRISON, District Attorney
FROM: ANDREW J. SCIAMBRA, Assistant D. A.
RE: SHAW IN ST. FRANCISVILLE and CLINTON

ED DWYER of St. Francisville, Louisiana, phone number 635-3724, gave us the following information during our meeting at the New Orleans Athletic Club:

ED DWYER said he is familiar with the farm that LLOYD J. COBB owns in St. Francisville, Louisiana. He said he knows for sure that SHAW has been to the farm. He said he also feels certain that SHAW has been to Clinton many times and said there are many people in Clinton who could help us if they wanted to get involved.

DWYER said that H. B. FAIRCHILD used to run the farm for COBB up until 1963. FAIRCHILD left around 1963 and is now managing MANCHAC PLANTATION in Sunshine, La. In '63 JERRY MORROW was in charge of the plantation and made arrangements for the parties that were given there. It seems that they had a guest house and the people who attended these parties stayed at the guest house and signed a registration book. JERRY MORROW eventually lost his job to BOSS DANIELS who may or may not be there at the present time.

REEVES MORGAN agrees that FAIRCHILD and MORROW would be good sources of information for us.

DWYER said that we might also talk to BENJAMIN GARRIS who is a retired FBI agent now working at Angola State Penitentiary.

DWYER said that MATT PLENNIGER kept the books for Merridale Farms (COBB'S farm), and now teaches school at St. Francisville High.

DWYER said that JOHN HENRY SHIPES told him that SHAW had some connection with the "Klan" around the St. Francisville area, and that he possibly may have supplied some money.

DWYER said we should also talk to LLOYD COBB'S brother-in-law who is in Shreveport and who doesn't like COBB. He could not furnish us the name at this time.

(DWYER said that SHIPES has already been approached)
by one of the attorneys for SHAW who wanted him to testify
for SHAW. SHIPES however refused.

DWYER said that there is a person by the name of SYLVESTER in Clinton who is known as ED PARTIN'S "strong-arm man" and who would be able to give us some very valuable information about SHAW if he wanted to cooperate. He said he believes that SYLVESTER can tell us who SHAW knew in Clinton and when he was there.

DWYER said we should also talk to RICHARD KILBOURNE the District Attorney in Clinton for information about SHAW and his friends.

He also said that we should talk to JUDGE BENNETT and ZIP MORGAN for information about SHAW. (MORGAN IS A FRIEND OF GARRISON)

DAN CAMPBELL used to go with a girl named LANA WHATLEY who worked in the IBM Room at Charity Hospital. He used to wear green fatigues and would disappear periodically for a couple of days at a time. He told her that he used to go to a camp across the lake for maneuvers. He was not in any formal branch of the Reserves. He and his brother, AL roomed together in the Quarter, and allegedly had rifles and ammunition in their apartment. AL allegedly did some flying out at the Lakefront Airport. (Possible connection with FERRIE in training camp across the lake.) AL CAMPBELL WORKED AT LAKEFRONT, & IS STILL THERE ✓

(See Sciambra memo of 9/16/68 and Reid memo of 9/25/68)

Since the Ryder Coffee House continually comes up in regards to LEE HARVEY OSWALD, we should remain aware of its potential. In this regard DAPHNE STAPELTON recalls meeting OSWALD in the Ryder Coffee House when he supposedly was looking for JACK FRAZIER. He also went to HOWARD COHEN'S apartment on this occasion but COHEN was not at home. (JACK FRAZIER and HOWARD COHEN have both been mentioned before as possible acquaintances of LEE HARVEY OSWALD.) STAPELTON also said that an elderly woman with sort of grey hair, in her 40's, drove OSWALD up to the coffee house on this occasion in some type of red sports car.

(See Sciambra memo of 5/29/68)

NORMAN GALLO was an employee of the NAPOLEON STREET BRANCH LIBRARY. In addition to having an interesting background which included travels to many parts of the world and doing intelligence work when he was in the Air Force, he also met LEE HARVEY OSWALD on several occasions when OSWALD checked out books at the Napoleon Street Branch Library. He may be able to contribute some interesting information on LEE HARVEY OSWALD. He is not in town at the present time, but his parents live in Jefferson Parish.

We are still attempting to acquire a copy of the 41 page report on OSWALD and FERRIE prepared by MAJOR JOHN R. THOMAS and SGT. ROBERT W. KNIGHT of the Louisiana State Police at the request of the Warren Commission. Approximately 10 pages of this report are still classified. MAJOR THOMAS' name has come up before. MR. WILLIS, who worked at the Motor Vehicle Registration Bureau in Baton Rouge, told us that after our investigation started MAJOR THOMAS came into the Motor Vehicle Registration Bureau and said that he had orders from the Governor to check on SHAW'S vehicle registration. WILLIS said that THOMAS pulled some cards out of the file and kept them. I checked with the Governor's office and they said that they did not ask MAJOR THOMAS to do this and I checked with MAJOR THOMAS and he denied that he did this. (see memo)

From some time I have been trying to locate GUY BANISTER'S files which were picked clean after his death by DELPHINE ROBERTS (who was first on the scene), MRS. MARY BANISTER and the FBI. ROSS BANISTER told me that MAJOR WYLIE of the Louisiana State Police obtained some of the BANISTER files from MARY BANISTER. He also said that an ex-FBI agent was helping MARY BANISTER dispose of or sell the files. Also JOE COOPER of Baton Rouge said that he heard that BANISTER had a file on LEE HARVEY OSWALD and CLAY SHAW which went to MAJOR WYLIE of the Louisiana State Police.

Statement of John Emrold
re Walter Sheridan

John Emrold

I have been visited first by a man who identified himself as Mr. Wilson who said he was an investigator for the defense for Clay Shaw. ~~XXXX~~ We went to a coffee shop on Gravier Street and talked for about ten minutes and he wanted to know if I could help him in any way, if I could give him any information about the investigation in general. ~~XXXX~~ I told him I didn't know anything. He asked if I had been interviewed by the District Attorney's office and I told him I had been and then he asked if I had been intimidated in any way and I told him no, not in any way. Most of the conversation was in general, just what I knew about the case or about Clay Shaw. This is all there was to this particular man. This was a few days after I came to the District Attorney's office where I was interviewed by Mr. Alcock.

And then a few days later I was called on by a man who I was not familiar with at that time whose ^{gave me the name as Mr.} ~~name is Walter Sheridan.~~ He came to the club and we went to the coffee shop on Gravier Street and talked. He said that he was very much interested in the Clay Shaw investigation, that he wanted to speak to me in the interest of Clay Shaw. He asked me if I had been interviewed by anyone and I told him ~~xxx~~ about Mr. Wilson and prior to that the District Attorney's office. He asked if I could help him in any way. He asked if I knew Fred Leemans and I told him yes. He was a partner of mine in 1961 operating the Alla Baba Turkish Baths. Since then I have not had any connection with him. He asked if I could vouch for him in any way, as to his honesty and so forth. I told him I did not know anything about him. I have not seen him for a long time and that we had only been in business together for a short time.

He said I would be perfectly safe in telling him anything,
that I would never had to testify in Court no matter what I said.
He said he felt that Clay Shaw was innocent and would never go to

trial. I asked him why he thought this. He said he was quite positive that Perry Russo, the star witness, would not appear. He said that was the reason there would be no trial. I asked him what would ~~xxxx~~ happen to Russo, why was he so sure he would not appear. He said he felt that Perry Russo would not appear, there would be no trial and that Perry Russo would be out of the State, somewhere where he could not be extradited and, therefore, he could not appear. I asked him if Perry Russo would go to the same place as Novel and he said that he would probably go to California.

He asked me if I had been pressured in any way by the District Attorney's office and did I say what I said voluntarily. I told him whatever I said was of my own free will.

The next time I saw Mr. Sheridan was on the NBC program. That was the first time I ~~xxx~~ knew that he was connected with NBC. He had not told me at our meeting that he was with NBC. He led me to believe that he was only interested in Clay Shaw.

I am making this statement of my free will without force or promises or threats to me or my family.

MEMORANDUM

TO: Messrs. Sciambra, Alford, Ivon and Garrison-Alcock
RE: Shaw Leads II

- 62.
1. The Illinois Lead: The following would seem to be unusually important. Henry Lesnick, who is in the Department of English at Northwestern University, Evanston, Illinois 60201, has written me and stated that a friend of his who lived in New Orleans for eighteen months in 1961 and 1962, has admitted that he was Clay Shaw's lover intermittently during that period. This friend of Lesnick's also stated that David Ferrie was Shaw's lover as well. The friend states that he met them early in 1961 at a party which they attended together. Mr. Lesnick gave no details, indicating that he assumes that we already know this. Actually, inasmuch as this is the point on which we really should have more information (since it reinforces Perry Russo and explains many other things) we should contact Mr. Lesnick and see if his friend will meet with us. Needless to say, all possible details of the Shaw-Ferrie relationship should be obtained. (This is especially important inasmuch as Shaw denies knowing Ferrie.) Furthermore, we should obtain all possible information with regard to other acquaintances of Shaw. Furthermore, inasmuch as this is a period during which Kerry Thornley was active in New Orleans, it is possible that an additional lead might be developed in this direction. This man could be an extremely important witness in an area where we really have had insufficient development; consequently, we should not be too quick to advise him that he does not have to be a witness. However -- if worse comes to worse, needless to say, we would rather have the information than nothing at all -- since this seems to be an extremely important lead as it is brand new information in an area where we don't have as much as we should have. It should be followed up and developed to the maximum -- hopefully to the point where we can persuade the friend to be a witness.

Note: This lead is being handled by Alcock

- 61.
2. The Winkler Lead: In the detective reports (Southern Research in 1961 or 1962) concerning visitors to David Ferrie's house, one of the visitors was a man named Henry Winkler. As I recall, he had a South Claiborne address at the time. This should be confirmed by re-examination of the stake-out portions of the detective report and by checking with the City Directory for relevant periods. Winkler should be interviewed because he may know not only Ferrie but possibly Shaw or Oswald. This should be assigned by Ivon for investigation.

- trip*

3. The Covington Lead: In Volume XX, page 215, it is indicated that Oswald "took a few days off" from the Reily Coffee Company and went to Covington on May 14, 1963. Inasmuch as he only began work at Reily on May 10th, this is a remarkable occurrence for a brand new employee with a laborer's job. While this does not justify any specific action in the absence of additional evidence connected with Covington, it should be kept in mind as a potential new area.

SHAW LEADS II

Re: SHAW (+OSWALD) ✓

OSWALD
BANISTER

TO: Messrs. Alcock, Sciambra and Ivon

FROM: Jim Garrison

RE: Additional Leads

*M. Lane
Sciambra*

SHAW

1. The "Murret Lead": Last year Mark Lane interviewed the MURRET family (Oswald's aunt) and learned that a few days after Lee had left New Orleans -- which is to say a few days after September 24, 1963 -- two men appeared at the MURRET home to ask where Lee was. One of them was described by Mrs. MURRET as a tall, well-dressed, gray-haired man. When shown a number of photographs -- by Mark Lane, who conducted the questioning -- Mrs. MURRET picked out a picture of SHAW as one of the two men. My recollection is that this was a distinct identification, in the sense that she was not hesitant about selecting the picture, but that we intended to follow it up by bringing her to court so she could see him. To my knowledge this was never done, probably because we were so overloaded with false leads at the time. I think that the follow up on this could best be handled by Mark (who will be back in town approximately March 27th), however -- inasmuch as Mark is not permanently based here -- a member of the office staff should maintain contact with Mark concerning follow-through on this lead. (Since SHAW may not be handily available for sometime, perhaps we could obtain some footage from Channel 12 so that persons who have made a tentative identification of a still photo can see him on film.)

Ivon

2. The "Insurance Company Lead": This information comes from Walter Blumstein, who can be contacted through Lou Ivon and who is a friend of the office. A man who is presently identified only as a "faggot", to employ Walter's description, worked for MPA (apparently Motion Pictures Advertising) and then worked for the Westfeldt Insurance Company. SHAW was introduced to this man as "CLAY BERTRAND" under circumstances which need clarifying by investigation. Later this man moved across the street and was surprised to learn

15

that the man whom he had met as "BERTRAND" was SHAW. This lead should be checked out, because of relationship with the contact, by Lou Ivon.

- Hot off*
Colomb
3. The "Earl Colomb Lead": This lead comes from Pudgy Miranne. Mr. C. EARL COLOMB, who was formerly the Vice-President of the International Trade Mart at a time when THEODORE BRENT -- SHAW's original sponsor -- was head, knows a great deal about SHAW and his activities at the ITM. Some years earlier COLOMB took an occasional trip with SHAW and BRENT. Miranne states that COLOMB is not a friend of SHAW's and may be a source of information. (My initial reaction to this lead is that, timewise, COLOMB's contact with SHAW may have been at too early a stage. However, that very fact might result in his being a source of information clarifying SHAW's now hidden intelligence connections with the federal intelligence apparatus. *12*

- David*
4. The "David Cotter Lead": This information comes from Harry Daniels at the NOAC. This is a vague lead, which places it in the long-shot category, however it mentions an interesting geographical area. According to Daniels, DAVID COTTER is a close friend of SHAW's, in more ways than one. COTTER suddenly left New Orleans when our investigation started and moved to Lacombe. Since then he has moved somewhere else. He worked for "BALLINGER" (follow up will have to be made with Daniels about this) for a while. It is suggested that Lynn Loisel contact Harry Daniels (this is not the former police officer but the man who is attached to the State Police) and see if more specific data is available. *13*

5. The "Lionel Hernandez Lead": This may or may not be a worthwhile lead to the GUY BANNISTER operation. It is included here, however, because of the indications that OSWALD had been seen at BANNISTER's on occasion. Joe Conti, a successful auto dealer from Houston, passed this on to me sometime ago. He stated that for some years prior to BANNISTER's death, ex-police officer LIONEL HERNANDEZ was virtually inseparable from BANNISTER. He may have worked for BANNISTER. This could be checked out by Lou Ivon and investigators operation. *14*

1. The "Murret Lead": Last year Mark Lane interviewed the MURRET family (Oswald's aunt) and learned that a few days after Lee had left New Orleans -- which is to say a few days after September 24, 1963 -- two men appeared at the MURRET home to ask where Lee was. One of them was described by Mrs. MURRET as a tall, well-dressed, gray-haired man. When shown a number of photographs -- by Mark Lane, who conducted the questioning -- Mrs. MURRET picked out a picture of SHAW as one of the two men. My recollection is that this was a distinct identification, in the sense that she was not hesitant about selecting the picture, but that we intended to follow it up by bringing her to court so she could see him. To my knowledge this was never done, probably because we were so overloaded with false leads at the time. I think that the follow up on this could best be handled by Mark (who will be back in town approximately March 27th), however -- inasmuch as Mark is not permanently based here -- a member of the office staff should maintain contact with Mark concerning follow-through on this lead. (Since SHAW may not be handily available for sometime, perhaps we could obtain some footage from Channel 12 so that persons who have made a tentative identification of a still photo can see him on film.)

2. The "Insurance Company Lead": This information comes from Walter Blumstein, who can be contacted through Lou Ivon and who is a friend of the office. A man who is presently identified only as a "faggot", to employ Walter's description, worked for MPA (apparently Motion Pictures Advertising) and then worked for the Westfeldt Insurance Company. SHAW was introduced to this man as "CLAY BERTRAND" under circumstances which need clarifying by investigation. Later this man moved across the street and was surprised to learn

Opp: Where is statement of man who saw Sawyer at Shaw's

RAY B. HIATT, 1411 Marigny, was interviewed in my office by myself and Louis Ivon. He stated that he bought a 1960 black Cadillac sedan from JEFFERSON BIDDISON a little over a year ago. (Official records reflect that the sale was made on January 18, 1967). The car was in good condition when he bought it. It had approximately 32,000 miles on it at the time. HIATT feels, but does not know positively, that BIDDISON had bought the car new. (Official records reflect that BIDDISON bought the car on September 27, 1961). The only other person HIATT has seen driving the car besides BIDDISON is JACK SAWYER. SAWYER and BIDDISON both work for the Marilyn Tate Real Estate Co. located at 922 Royal Street. HIATT stated the he had seen BIDDISON talking to CLAY SHAW on at least two occasions. HIATT does not recall BIDDISON taking any extended trips from New Orleans in the past four or five years. It should be added here that HIATT is now, and has been for some time, working for BIDDISON. HIATT will readily testify to the above facts.

① JEFFERSON BIDDISON was SHAW's universal legatee, to whom he left all of his property.

② JACK SAWYER, was KERRY THORNLEY's landlord at the time of the assassination. His place was a short distance from SHAW'S on Bourbon Street.

③ MARILYN TATE'S realty company handled all of SHAW'S extensive real estate holdings in the French Quarter.

FROM: ANDREW SCIAMBRA, Assistant District Attorney
RE: SHAW LEADS II

23) MRS. JEANNE KELTON LEAD:

(See SANDERS' Memo of 4/11/68)

SHAW:

MRS. KELTON lived at 905 Governor Nicholls Street from 1963 to 1966. She said that SHAW used to visit a young man who lived in the apartment building quite often. She said that the young man was "gay" and referred to SHAW as his "patron". MRS. KELTON doesn't remember the boy's name, but she said that JOHN CARTER who also lived at 905 Governor Nicholls could also give us some information on this gay friend of SHAW's. MRS. KELTON also remembers seeing SHAW going in and out of Cosmos' Bar on several occasions.

24) DR. JACOB HAROLD KETY LEAD:

(See SANDERS' Memo of 2/14/68)

Sanders
Kety

DR. KETY told SANDERS that GREG DONNELLY who lives in Abita Springs, could give us some information on CLAY SHAW. DONNELLY said that he knew CLAY SHAW when he was poor and before SHAW was "adopted" by BRENT. DONNELLY, who is gay, lives with CARL CRAMER, a sculptor, and openly says that they are married to each other. Their phone number in Abita Springs is 892-2187.

25) JACK FRAZIER LEAD:

(See FRAZIER letters of 1/1/68 and 12/29/67, SANDERS' memo of 3/6/68, Sciambra memo of 9/16/68 and REID memo of 9/25/68)

Sanders
Frazier

Thornley:

Perhaps some time should be spent cultivating FRAZIER. He could be a good source of information. He ran the Ryder Coffee House where, according to several people, OSWALD frequented. He was a friend of THORNLEY, WILL BRADY, IVAN COTTMANN, HOWARD COHEN, JOHN CAMUS, and HELEN GLADSTONE (all Ryder House regulars). One rumor was that

he took a trip to Mexico with OSWALD and COHEN (he has denied this). He has said that he believes BRADY's deportation and OSWALD's leaflet distribution are connected in some way. He said, "I think that BRADY was deported because the CIA wanted him out of the country." According to DAPHNE STAPELTON, who lived in one of the Ryder House Apartments, OSWALD came to the Ryder House one day and asked her "Is JACK here?" When she said, no, OSWALD then wrote his name on a piece of paper and told her to, "Give it to JACK and tell him I was here." FRAZIER has denied all of this to Barbara Reid and Harold Weisberg, however, he did say that as best as he can remember, he has never met LEE HARVEY OSWALD, but he cannot rule out the possibility.

Re: Thornley / Oswald

26) HOWARD COHEN LEAD:

(See FRAZIER letter of 12/29/67, Sciambra memo of 9/16/68, Reid memo of 9/25/68)

COHEN's name has come up several times in connection with OSWALD. He worked at the Ryder Coffee House and lived in one of the upstairs apartments. He was a friend of all the Ryder House regulars. He led a Marxist discussion group at the Ryder House. According to STAPELTON, OSWALD went to COHEN's apartment looking for him one day, but COHEN was not at home. A last check, according to Reid, COHEN was in Japan.

27) JACK BURNSIDE LEAD: (See BURNSIDE memo)

BURNSIDE in my opinion is worth talking to again. He was a friend of all the regulars at the Ryder Coffee House, especially THORNLEY. JACK FRAZIER pointed him out as someone who may be able to give us some information on OSWALD and THORNLEY. He was supposedly in Fong's Restaurant on Decatur Street with THORNLEY when OSWALD came in to meet THORNLEY. He told this to someone and said that THORNLEY introduced him to OSWALD, however, when confronted with this by Weisberg and Reid, he denied it.

Handwritten scribble

28) JOHN CAMUS LEAD: (See FRAZIER letter of 1/1/68) EJ

Sanders CAMUS worked at the Ryder Coffee House as a photographer. He was a friend of all the regulars, especially BRADY and THORNLEY. Supposedly he or HELEN GLADSTONE, who took care of BRADY's affairs when he was deported) have negatives of the pictures that he took at the Ryder House. (Reid knows how to contact him)

29) IVAN KOTTMANN LEAD: (See SANDERS' memo of 3/6/68) EJ

IVAN had a discussion group at his apartment at 514 Bourbon Street every Friday night. He frequented the Ryder Coffee House and knew all the regulars, especially THORNLEY. If no one has talked to him, he is worth talking to.

KOTTMANN allegedly is gay. (Reid may be able to locate him.)

30) WILL BRADY LEAD: (See BRADY file) EJ

Sanders BRADY could be a good source of information especially in regards to SHAW, OSWALD and THORNLEY. He is now in New York, and Weisberg has his address. He is worth talking to if someone is in the New York area.

31) PAT and PATTIE GLEASON LEAD: (See Reid memo) EJ

The GLEASONS lived in an apartment above the Ryder Coffee House. According to STAPELTON, PATTIE was with her when OSWALD came to the Ryder Coffee House and asked her for JACK FRAZIER. Subsequently, the GLEASONS were supposedly seen sitting at a table with OSWALD and "a couple of other people" in the Ryder Coffee House. B (Reid may be able to locate.)

32) LONNIE GOLDFINCH LEAD: (See Reid memo) EJ

A. J. Ford GOLDFINCH is an ex-FBI informer who also worked for GUY BANNISTER. He is supposed to have known OSWALD in New Orleans. He is presently living in Kansas City and Reid is attempting to get his address for us.

33) RICHARD KARNO LEAD: (See Reid memo)

KARNO was connected with the Modern Language Institute through his friendship with ARNESTO RODRIGUEZ and ROGER LOVIN. He supposedly met OSWALD at the Napoleon Street Branch Library and was seen with him at the Ryder Coffee House. (Reid can locate.)

34) DAVE GRAYDON LEAD: (See prior GRAYDON memo)

See memo

We have already talked to GRAYDON in regard to WILL BRADY who used to be his roommate, however, we have not talked to him in regard to EDDIE PORTER whom he knows from the Penny Arcade on Royal Street. He says that PORTER knew BRADY and some other people from around the Ryder Coffee House. He might possibly know PORTER's friend JOHN, from the Arcade, who was a friend of OSWALD's. He is presently living at 1408 Pauger Street, New Orleans.

35) GOLDEN LANTERN LEAD:

Chris Blake

See
KIMBLE!

KIMBLE supposedly was introduced to SHAW by FERRIE in late 1960 or early 1961 in the Golden Lantern Bar at 1239 Royal Street (which was a gay bar). The owner of the bar at that time was Joseph A. COLON. Perhaps he can help us in this matter or know someone who can.

36) COURT OF TWO SISTERS LEAD:

(See COURT OF TWO SISTERS file)

See memo

We have received information from numerous sources that LEE HARVEY OSWALD was in the Court of Two Sisters. One of the waiters (See FRENCHIE TOUZE memo) identifies the picture of THORNLEY as a waiter who used to work at the Court. However, TOUZE adds, "when he worked at the Court his hair was not like this". I suggest we talk to the following employees:

(See Frenchy Touze memo)

- JOSE PEPE MAYORAL
- JORGE MAYORAL
- HAROLD SANDOZ
- RUBEN MORALES
- HENRY AVERY (who dislikes Thornley)
- LOUIS CASTILLO (who may be related to CARLOS CASTILLO whom THORNLEY worked for)

and I have been talking to MARGARET TAMMENBAUM and MARY MACIAS attempting to acquire certain records and photos, and we will continue to do this.

37) MRS. GLADYS ROGERS LEAD: (See FBI interview of 11/25/63)

*Reid
Summers*

MR. & MRS. ROGERS lived at 4907 Magazine Street. Her husband testified before the Commission, but not her. She said that several days before OSWALD moved, she observed an individual talking to her husband who asked for the location of the OSWALDS. She describes this person as a white male, approximately 5'7", 175 pounds, dark complexion, and had a foreign appearance, possibly Spanish. She also recalls seeing a young couple in their early 20's stopping in to see the OSWALDS. She also recalls seeing a female who wore a white coat and whom she thinks was a Welfare worker, call at the OSWALD apartment.

38) BRIAN AMPOLEX LEAD: (See FBI interview of 11/29/63)

~~BRIAN AMPOLEX, 1418 Haring Road, Metairie, Louisiana, met LEE HARVEY OSWALD one or two days before OSWALD was arrested for handing out leaflets on Canal Street. He and OSWALD had "about a five minute conversation" on politics. While he was conversing with OSWALD, he was aware that there was one or two other persons also handing out leaflets, but according to the report, he paid no attention to them and does not recall what they looked like.~~

39) DOROTHY RIEGEL or RAGAN LEAD: (See Reid memo)

Some time ago MRS. DICK ROLFE (June) stated that WILLIAM PERRY BROWN was also present at FERRIE'S party at the time that OSWALD and SHAW were there. We contacted BROWN and he denied this. Subsequently MRS. ROLFE advised that she had learned the first name of the woman at the party with WILLIAM PERRY BROWN. She said that the first name was DEEMA and that she would try to get the last name. She stated that DEEMA was a lesbian and she seemed to be positive about her information concerning the party. (Leb. At an early juncture in the Jackson, Louisiana inquiry Fruge came across information that a woman at Jackson - "possibly MRS. FRED WILSON, the information indicated, is in the dirt hauling business. This lead can be checked out by Sciambra.

A painter and carpenter, 2039 Seventh Street, in 1963 was helping to paint SHAW'S bathroom at his home. He was working with another colored man (and a white plumber, who has since died). The other colored man he believed to be named FRERET. CLARK observed two young men playing cards most of the day in SHAW'S apartment. He identifies one of the men as LEE OSWALD and the other as an unknown young man. He does not recall seeing SHAW there during this particular day, although it was SHAW'S apartment. CLARK'S wife owns a restaurant at 2039 Seventh Street. As of this date, he is being contacted for us. If this contact is unsuccessful we will have to follow-up ourselves. The source of this information should rate as very good.

IV. THERESA CLAIRE FAGNANT:

This young lady lived at 817 Dumaine Street from October 1962 to April 1963. On last information she was living at 1111 Stephens (the Three Oaks Apartments) in Gretna. On November 22nd she was working at Boeing out at Michoud. She left at noon and failed to return. She was missing for a week and on her return claimed that she had gone skiing in New Mexico. Another interesting factor concerning FAGNANT, in addition to her actions, is the fact that this apartment house is the same one in which DONALD DOOTY - former Army Intelligence employee and close friend of CLAY SHAW - stayed on his return from Mexico in 1963. The 1962 Directory also shows that one TIMOTHY J. O'HALLORAN, also of the Boeing Company, lived there. Also living there, according to the 1962 Directory, was one LUTHER P. HINES, an importer. On moving from 817 Dumaine, FAGNANT moved to the Studio Arms at 3500 Division Street. The source of information concerning her departure from Boeing on the day of the assassination seems to be good.

Re: SHAW

Re: FERRIE

"O.K. I would like to direct this to either the District Attorney's Office or the Intelligence Unit of the New Orleans Police Department. The information I am about to give is confidential, of course, that's why I am calling this number. However, all this information is not only true but correct, and can be verified by just a small amount of investigation which I'm sure the New Orleans Police Department will give this information.

There are 2 subjects that I feel Mr. Garrison has overlooked in his recent probe of the Kennedy Ass assassination which would be of utmost interest to him. I'm going to give the 2 names: First subject is a subject by the name of DERIS E. THOMPSON, who lives at 521 ST. LOUIS STREET, New Orleans, Louisiana. This is in the French Quarter. His telephone number is 525-1380. Now this subject is a Geologist, and a graduate of L S U. He had been recently charged last year with murder on APRIL 12, 1967. Also another subject, his name is one CHESLEY, however, he goes by the name of ROGER SOLIEAED (I believe this is the spelling). This subject is a school teacher at JOHN CURTIS CHRISTIAN SCHOOL in Metairie. He rooms with this subject THOMPSON. Both these subjects are homosexuals - this is a fact - they are both homosexuals and have been living together for years. This killing, murder - what ever you want to call it, took place at 1435 NO. JOHNSON STREET on April 12, 1967. DERIS E. THOMPSON was charged with murder. Their part in the Kennedy Assassination plot - both these subjects, I know for a fact as very close intimate friends with MR. CLAY SHAW. I have seen them go into his apartment in the French Quarter on numerous occasions and were constantly with this subject so its a fact. To state further would be the fact that both these subjects possess a large number of firearms and explosives

aswell. Mr. Thompson owns over 150 hand guns - by hand guns I mean pistols and revolvers plus a number of high power rifles - plus explosives at this address at 521. Explosives in the form of half sticks of dynamite. Now another interesting fact is that not only do they hang with Mr. Clay Shaw but he knows them very well and they have gone to his apartment numerous times. Both these subjects were also well known to MR. DAVID FERRIE up on Louisiana Avenue. If you would check Mr. Thompson's personal phone book you find Mr. Ferrie listed as well as Mr. Clay Shaw; so I think both of these would be of interest. SOLIEAEU is a W/M approx. 30 yrs. while THOMPSON is 33 yrs. They spoke on occasions to great detail about the Kennedy Administration.

If you do a small amount of investigation which I'm sure that the New Orleans Police Department will do - as they have in the past. You will uncover a great deal of facts which will help Mr. Garrison as well as the Intelligence Unit."

"Thank You For Your Cooperation....."

"This is the same party that called earlier about those 2 subjects at 521 St. Louis Street. I would also like to report that I failed to give some information that both these subjects are members of an organization called SPARTICIST ASSOCIATION. They make these meeting once every 2 or 3 weeks - they are familiar with several of the leaders of this organization. It should be interesting to note that being homosexuals and living in that apartment together for several months before living at this address they lived at 1435 NO. ~~ROBERTSON~~ JOHNSON STREET. They lived there together for approx. 3½ years in the same bedroom. A good description of THOMPSON would be approx. 5'11", 160 lbs. black headed and blue eyes. ROGER SOLIEAEU is approx.

5'11", 165 lbs. black headed and blue eyes - he teaches at JOHN CURTIS CHRISTIAN SCHOOL which is a Christian school for boys and I'm sure as a homosexual, he's at a very good place where he can make several contacts with the younger boys. I find that the owner of John Curtis School himself is a homosexual. I wonder if any of the parents of these children know the caliber of men not only teaching at this institution but the people who actually own it themselves. THOMPSON, I believe, is on parole or probation with that local chapter here in New Orleans on Royal Street; and I'm sure if you check with him he would be able to tell you quite a bit of other information. He does have a large amount of hand guns and has loaned these guns out at times to certain characters who are not of the best character.

So if you put out an investigation - especially about the explosives - I am sure it will yield you the benefit of your trouble. I am hoping to see an investigation come forth. "

AUTHOR MARK LANE PREDICTS

No Trial for Clay Shaw, Says Garrison Aide

on whose side is Mark Lane? A reader doesn't understand the story at all!

TO: ARCHIVES

By SCOTT MOORE
Mercury Staff Writer

SANTA CLARA — Author Mark Lane predicted flatly for the first time here the Kennedy assassination case he is helping Jim Garrison prepare will never come to trial.

Lane disclosed he learned only hours before a lecture here recently that indicted figure Clay Shaw will request transfer of the case to federal courts within two weeks.

Addressing students at the University of Santa Clara, the attorney who wrote the best-selling "Rush to Judgment" said a transfer would kill any trial because federal authorities oppose it.

"I am certain the conspiracy case against Shaw will never be tried," he forecast.

Lane, who is employed in the Kennedy investigation by Garrison, New Orleans district attorney, wouldn't predict the transfer will be granted.

But he asserted it or one of three other possible developments definitely will prevent the long-delayed trial from ever being held.

Shaw has been indicted on charges of conspiring to assassinate President John F. Kennedy.

A criminal district court judge ruled last April 4 that Shaw must stand trial in New Orleans. His lawyers had requested a change of venue to move the trial at least 100 miles away.

"I just learned today that within two weeks Shaw will move to have the case transferred to the federal courts," said the best-selling challenger of the Warren Commission findings.

Lane said such a transfer would kill the case because U.S. Atty. Gen. Ramsey Clark has publicly exonerated Shaw of any complicity in the assassination of President Kennedy.

"I don't know if the transfer will be granted," Lane admitted, but he added, "if the case is transferred, someone working for Atty. Gen. Clark would try the case. Yet federal officials and the FBI have been seeking to block the trial from the beginning."

Asked to give the source of his information Shaw will ask for a

transfer. Lane replied it came from within the office of Shaw's attorneys.

The conspiracy trial, in the works by Garrison for 18 months, was expected to begin either this month or next.

The other three possibilities which Lane predicted would prevent the trial were:

1. "If Shaw should die." He didn't elaborate further on this point.
2. "If a charge of some kind was filed against Garrison and he loses office as a result. This appears more than likely to transpire."
3. "Garrison might die before trial. He gets death threats quite regularly, and some may have some significance."

Killed in Viet

The Defense Department Monday identified 179 U.S. servicemen killed in action in Vietnam. Identified as being from San Jose was Cpl. Joe L. Vieras, son of Mrs. Virginia E. Vieras, 1398 Orlando Drive.

Lane, who said he has been working closely with Garrison in his widely publicized investigation of the Kennedy death, was adamant about continuing the probe.

"We're going to continue to ask questions all over this country. We'll continue to press for the truth until such time as the American people secure some intelligible answers," he declared.

He asserted: "Most people no longer believe the Warren Commission Report."

The commission not only suppressed basic evidence, but refused to examine it, Lane charged.

In an entertaining discourse which brought continual laughter, Lane described his experiences with federal officials following publication of the book.

"Immigration officials placed my name on their list of criminals," he said. "I happened to see my name on it and demanded to know why."

Lane recalled being taken to a senior immigration official at Kennedy Airport in New York City, who sat with his feet on

the desk and asked smugly: "So you think your name is on our book, eh?"

More seriously, Lane reiterated claims made in his book that the Warren Commission's account of what happened to Kennedy are inaccurate.

"I believe there was absolutely a conspiracy to kill President Kennedy," Lane declared.

(The Warren Report states the Kennedy assassination was the work of only one man — Lee Harvey Oswald.)

"The basic evidence in the case shows that a number of shots were fired at Kennedy from two areas," Lane said. He maintained a minimum of five shots were fired.

"Five shots from two different directions, behind and in front of Kennedy, add up to a conspiracy," he stated.

He called the Warren Report "fraudulent" and the original example of the so-called "credibility gap."

Lane organized the "Citizens Committee of Inquiry" into the Kennedy death shortly after it occurred. His book was first on best-seller lists for six months.

RAMPARTS / MEMO

DATE August 9, 1967
FROM Bill Turner
TO Jim Garrison
SUBJECT Clay Shaw Address Book

The following is a list of characterizations of the names I have been able to identify thus far:

Stan Picher
Wally Goodman
401 Belvedere Ave.
Belvedere, Calif.

Picher not listed in local directories.
Goodman listed as a photographer with portrait studio, at that address.

Marty Ormond
603 Gove or Box 606
Steilacoom, Wash.

Steilacoom is near Tacoma and the site of a state mental hospital. Ormond could be an orderly or employee.

William Spratling
Taxco, Mexico

Killed man's accident
See attached newspaper clip on obituary. Thayer Waldo says he was more liberal than anything.

Robert Tinoco
Canteros 53
Morelia, Mexico

Thayer Waldo does not know the man specifically but says it is a well known aristocratic surname in that area.

Chuck Walton
10 St. Jude's Rd.
Mill Valley, Calif.

No longer at that address, living somewhere in San Francisco. Very possibly an architect and a boy friend, as was said to be gay.

Jorge Palomino
Hospicio #7
San Miguel Allende, Mexico

Thayer Waldo says he is a very rich landowner in that area. Politics not known but Mexico presumed to be archconservative in pattern of large landholders.

Luis Arocha
~~quayaxit~~ Columbia

From a prominent wealthy family, runs area Ford agency in Catsajuaia. Not sure how conservative.

Keith Allen
Seattle, Washington

Probably identical with the former coach of the Seattle Totems ice hockey team.

RE: SHAW ADDRESS BOOK

Dominick Harrod, Washington correspondent of the London Daily Telegraph identified the following entries in CLAY SHAW's address book:

1. SIR STEVEN RUNCIMAN

A Cambridge historian, specializing in the history of the crusades. Owns house in London.

2. MICHAEL DUFF

A land owner in North Wales who recently was in the news because he sold his estate which includes Snowdon, highest mountain in England.

3. LORD EDWARD MONTAGU

Probably identical with the Lord Edward Montagn who attained some notoriety in England several years ago because of his homosexual tendencies. Owns estate in Hampshire which contains a vintage automobile museum.

RE: Witnesses contacted for Clay Shaw trial.

JOHN ARTHUR CHISM: 4502 Underwood Drive
Dallas, Texas
Telephone: FR-6-4729

CHISM stated that he would agree to any type of accommodations we would make for his appearance in New Orleans. His place of employment is the Royal Coach Inn, 3800 Northwest Highway, Dallas, Texas. He is employed as a cook.

ABRAHAM ZAPRUDER: 3909 Marquet Drive
Dallas, Texas
Telephone: EM-1-1593 (Home)
RI-8-6071 (Office)

Attorney for ZAPRUDER:

SAMUEL PASSMAN: 815 Adolphus Towers
1412 Main
Dallas, Texas
Telephone: RI-2-2121

MR. ZAPRUDER also stated that he would be willing to come to New Orleans at our convenience and would not require an interstate witness rendition.

ROBERT WEST: County Surveyor
Dallas County, Texas
307 Records Building
Houston Street
Dallas, Texas
A/C 214 - RI-8-4981

Residence Add: 9209 Vinewood Drive
Dallas, Texas
Telephone: DA-8-1460

MR. WEST was contacted, and from him was attained a certified plaque drawing of Dealey Plaza. MR. WEST stated that he would be willing to come to New Orleans and testify at our convenience under our arrangements. Therefore he like Mr. Zapruder would not need any witness rendition filed in order to obtain him to testify. Mr. WEST will be an extremely important witness because it was he who, besides measuring to exact specification of the various buildings and places in Dealey Plaza, he further measured and located and can testify as to the exact location of where each of the Zapruder frames occurred and are so stated and placed on his surveyed plaque of Dealey Plaza.

LILLIAN NEUMANN &
MRS. GAYLE NEUMANN:

1138 South Waverly Drive
Dallas, Texas
Telephone: WH-1 1618

The NEUMANNS are quite willing to come to New Orleans and testify, and agreed to our conditions of coming to New Orleans when so notified.

SUBPOENA

JAMES ALTGENS:

6441 Pemberton Drive
Dallas, Texas
Telephone: EM- 8-7766

*SUBPOENA
JAMES ALTGENS*

Contacted MR. ALTGENS relative to photographs which he took while working for the AP on November 22, 1963. Mr. ALTGENS stated that he is not in possession of these photographs at this time, and advised that these photographs are in the possession of a Mr. Meyer Goldberg, Worldwide Photos, AP, #50 Rockerfeller Plaza, New York, N. Y. - 10020. ALTGENS specifically requested that whenever we make our request of Mr. Goldberg that we indicate fully that we want prints of full negatives for showing in the courtroom. These negatives should not be cropped in any manner. MR. ALTGENS stated that it was the policy of his employer for him not to be involved in any courtroom proceedings whatsoever. He states that his immediate supervisor, a Mr. Robert Johnson, telephone number in Dallas - Riverside 2-3447 - had instructed him that he did not have to appear in Louisiana; that the Louisiana courts had no jurisdiction over him and could not force his appearance in New Orleans. I informed MR. ALTGENS that under these circumstances I would institute interstate rendition and interstate rendition of witnesses proceedings at once. MR. ALTGENS indicated that he would once again contact Mr. Johnson and inform him of the consequences of his company refusing to allow him to go voluntarily; he would contact me prior to our leaving Dallas tomorrow, January 17, 1969.

*Why?
Altgens?*

MR. ALTGENS, in my opinion, is personally willing to appear but apparently is worried about the attitude of his employer.

Begin proceedings for rendition of ALTGENS not later than Tuesday morning, January 21, 1969.

Ditto proceedings relative to Meyer Goldberg of New York City.

Contacted the home of DR. G. T. SHIRES of 6841 Joyce, Dallas, Texas - Em-3-7675. Office phone number ME-1-3220.

When I contacted DR. SHIRES office I was informed that he was out of town at an undisclosed location up North. His secretary stated that DR. SHIRES would not return to Dallas until Monday, January 20, 1969.

DR. SHIRES' office address is 7167 Blairview, Dallas, Texas.

JAMES CHANEY:

Prior to leaving New Orleans, I was informed by Harold Weisberg that a MR. RATHERMILL at RI-1-3561 in Dallas, Texas, could perhaps furnish the whereabouts of JAMES CHANEY. On this date, January 16, 1969, I contacted Mr. RATHERMILL and he gave me the following information:

He stated that there was a JAMES L. CHANEY, JR., on Irving Simmons Drive in Dallas, Texas. He stated that this gentleman was between the age of 26 to 27; that he was a draftsman with Delta Showcase in Dallas. He stated that this MR. CHANEY had no criminal record. Further, that there was no information relative to him in any intelligence agency; that he had good credit with a low checking balance and a low savings balance in a local bank. MR. RATHERMILL indicated that he does not believe this to be the gentleman we are seeking. Further, MR. RATHERMILL gave me the name of JACK R. CHANEY. He stated that his information was to the effect that JACK RUBY had made a long-distance phone call to this JACK CHANEY at one time. The last information which he had relative to JACK R. CHANEY was that he was at the Continental Houston Hotel, Houston, Texas - telephone - RE-3-0024. MR. RATHERMILL seemed to think that this was perhaps the gentleman our office was looking for.

Before leaving Dallas I intend to place a long-distance phone call to the Continental Houston Hotel, Houston, to check out JACK R. CHANEY.

MRS. CAROLYN WALTHER:

4118 Shelley Blvd.
Dallas, Texas
Telephone: FE-1-5672

MRS. WALTHER is willing to come to New Orleans without a witness rendition proceeding filed against her. However, she did state that she does not fly, and they have a preference of driving to New Orleans and her husband will be coming with her. Because she has two small children, they also will accompany her to New Orleans. So arrangements must be made to accommodate Mrs. Walther, her husband, and her children, and also funds forwarded to them to cover the trip at 10¢ a mile rather than make airline arrangements to bring Mrs. Walther to New Orleans.

DR. ROBERT SHAW:

7403 Vilnova
Dallas, Texas
Telephone: EM-8-3175 (Home)
TA-6-5184 (Office)

This date I contacted DR. SHAW and completely explained our desire for his attendance in New Orleans. DR. SHAW stated that his testimony, of course, would be the same as it was before the Warren Commission. He stated that he was able to determine the angulation of the wound which was inflicted upon Governor Connally. I asked him whether the angulation was approximately 27 degrees, and he stated that he did not recall exactly.

DR. SHAW - continued:

He stated that the bullet that passed through Gov. Connally fractured the fifth rib in Governor Connally's chest, but that this fracture, because of the angle of the bullet, probably did not change the course of the projectory very much. DR. SHAW further requested formal request for rendition of the witness be filed opposed to his voluntarily appearing in New Orleans.

As soon as possible, we must get out a Subpoena Duces Tecum for all of Dr. SHAW's medical records relative to his treatment of Governor Connally. Further, we must file our requisition for interstate witness.

S. M. HOLLAND:

1119 Lucille
Irving, Texas
Telephone: BL-3-2185

MR. HOLLAND was contacted, however, due to his being ill for a period of three months I spoke to his daughter-in-law. Mr. HOLLAND refused to speak to us on the telephone.

It should be noted that in August of 1968, when MR. HOLLAND was interviewed by myself, he was a most cooperative witness. However now, even though I could hear MR. HOLLAND speaking to his daughter-in-law over the telephone, he refused to speak to me.

I was informed that MR. HOLLAND has been ill for some three months, and that at this time he was unable to make any trips of any nature whatsoever. Therefore, it is important that we file immediately an interstate witness rendition against Mr. HOLLAND in order that he appear in time for the Shaw trial.

*Bad
will?*

RICHARD DODD:

This witness was on the triple overpass with S. M. HOLLAND and stated that he had seen the puff of smoke come from under the trees on the grassy knoll, as well as having gone behind the fence and seen the footprints.

I was informed by MR. HOLLAND, and related through his daughter-in-law, that RICHARD DODD is now deceased, having died last year.

BUELL WESLEY FRAZIER:

Irving, Texas

We contacted MR. FRAZIER through his attorney, MR. DAVID HOLLENBECK, whose address is 2500 West Irving Blvd., Irving, Texas, in the Southwest Bank & Trust Company Building, Room 201.

MR. FRAZIER met us in Mr. Hollebeck's office accompanied by his sister, Mrs. LEE RANDALL. MRS. RANDALL's address is 1034 Greg Court. Telephone - BL-4-6557.

It should be noted that Mr. Hollenbeck's telephone number is Area Code 214 - 259-3606.

We discussed with MR. FRAZIER, MRS. RANDALL, and MR. HOLLENBECK the possibility of MR. FRAZIER voluntarily returning or coming to the City of New Orleans for the purpose of testifying in the case of State versus Shaw. We informed MR. FRAZIER that we were interested in him testifying simply as he had testified before the Warren Commission. We informed him that we would pay all of his expenses, and attempted to get MR. FRAZIER'S home telephone number and address. MR. FRAZIER stated that he did not have a telephone, and that he did not wish to give out his address. However, he stated that all of his mail was received at his sister's home, MRS. RANDALL.

MR. FRAZIER, in the presence of MRS. RANDALL and MR. HOLLENBECK, agreed to voluntarily return to the City of New Orleans upon our request. MR. FRAZIER seemed very disturbed about testifying in New Orleans, and wanted assurances that he would be protected and that the press would not be allowed to talk with him. After making the decision to return to New Orleans, MR. FRAZIER became rather inquisitive relative to the nature of our case. On one occasion he asked whether or not Mr. Garrison had seen the photograph which depicts allegedly BILLY LOVELADY standing in the doorway of the Dallas Book Depository. Not realizing what he wanted to say, I simply asked MR. FRAZIER whether or not he thought that that was in fact LEE HARVEY OSWALD. His simple answer, and I quote, was "I know that that was not him." Because of the presence of other people I did not press him relative to this answer.

MR. FRAZIER further indicated he worked in Dallas, and that he worked for a company by the name of Vince's Plumbing or Vince's Pipe Company. I was not able to press him relative to the exact name, but it was one of these names.

We checked in the Dallas Telephone Book and there is a pipe company known as Vinson's Supply, 10966 Harry Hines, telephone number SL-7-8461.

JOHN MARTIN:

In order to ascertain the correct address on this witness contact RICHARD E. SPRAGUE, 37 Harvard Drive, Hartsdale, New York. 2 telephone numbers: A/C 914 - 946-4543 & 949-5382.

SPRAGUE can give us the exact address of JOHN MARTIN due to the fact that at least 12 JOHN MARTINS are listed in the Dallas phone book.

SPRAGUE has been to MARTIN's house on several occasions.

ROGER CRAIG:

Route #1
Midlothian, Texas

He is presently employed by the Premier Service Station in Midlothian, Texas. Employment telephone number: 775-8898. CRAIG is presently residing at 69 _____ in Midlothian, however, he informed me that some time during the first part of February he intends to move to Boulder, Colorado, and be employed by the Boulder, Colorado, Sheriff's Office.

I spoke to MR. CRAIG, and he is willing to come to New Orleans to testify under our arrangements, and therefore we do not have to subpoena him. He informed me that he would notify us of when he moves to Boulder, Colo., and let us know what his address will be in Colorado.

If we need assistance in locating ROGER CRAIG we could obtain same by contacting Penn Jones in Midlothian, Texas, at 775-3101 - A/C 214.

PHILLIP WILLIS &
MRS. PHILLIP WILLIS:

6911 Warbush Circle
Dallas, Texas
Telephone: DA-8-1560

MR. WILLIS was personally interviewed at his home and informed us of his willingness and his wife's willingness to come to New Orleans under our arrangements to testify in the trial. MR. WILLIS stated that he intends to drive to New Orleans and he would rather have funds furnished to him at 10¢ a mile, rather than come by airline.

MR. WILLIS had the originals of his film which was taken by a 34 mm camera, a total of approximately 20 pictures: 12 that he has copyrighted and 8 that haven't been published. He will bring all 20 of his photographs with him.

It should be noted that his wife is a very important witness in that she is explicit in the fact that the President's head flew back and to the left, of course indicating a shot from the right front.

JACK C. PRICE:

ADMINISTRATOR
Parkland Memorial Hospital
5201 Harry Hines Boulevard
Telephone: 638-1800 (Hospital)

Mr. PRICE was personally interviewed, and displayed to us an entire record that is now in the possession of Parkland Hospital on the admission and treatment of President Kennedy. Contained in the file on President Kennedy are handwritten notes of the doctors who attended President Kennedy in the emergency operating room on November 22 nd. These notes were made by the doctors shortly after President Kennedy's body had left Parkland. All of the notes that Alford and I read indicated that the doctors found the rear wound in President Kennedy to be in the interior section of the one-third lower part of the neck. It should be further noted that in DR. McCLELLAND'S notes in his handwriting he refers to President Kennedy's head injury as having on the left temple, or in the left temple.

Case of death note

MR. PRICE informed us that the record of death, which we commonly call the Certificate of Death, a copy of which of the original is not in possession of Parkland Hospital, but will more than likely be found in the Bureau of Vital Statistic Department of the State of Texas, located in the Capitol Building in Austin.

(Dallas Phone Book)
Telephone: 286-4649

We were not able to contact MR. PRICE as no one was at his house in order to ascertain whether or not he is the same J. C. PRICE on the Maintenance Staff of the Post Office in Dallas, Texas.

In our absence from the Cabana Motel, a note was left for us from a DET. M. H. BRUMLEI, Intelligence Division of the Dallas Police Department, Riverside 8-9711, Ext. 1115. The note stated, "Please contact myself, SGT. BILL HOUSE or JACK CARROLL if we can be of any assistance." and signed M. H. BRUMLEI. End of note.

Dallas, Texas - 75216

Orville Nix, Jr. resides: 1203 Savoy Avenue
Dallas, Texas - 75224
Telephone: FE-7-8569'

I contacted MR. NIX by telephone and informed him of our desire to have him testify in New Orleans. MR. NIX informed me that he and his father would be glad to appear in New Orleans.

NIX - continued:

When I asked Mr. NIX where the original of the film which his father took at Dealey Plaza was, he said that it had been sold to UPI, and that the gentleman who should be contacted relative to the film is a MR. JACK REINHART, UPI, New York, N. Y. Also, it is perhaps possible to contact a MR. REESE SCHONFELD with United Press International in New York City. This information was supplied by MR. DICK SPRAGUE.

Reached?

MR. NIX informed me that approximately 2 years ago when CBS was compiling their documentary relative to the Kennedy assassination, that he was informed that UPI had grossly mismanaged the NIX film, and that they were not in possession of the entire film any longer as portions of it had been sold off or mis-placed. However, Mr. NIX informed me that his father was in possession of two reproductions of the original film. MR. NIX also told me that he and his father viewed the original film approximately 75 or 80 times, and that he and his father would be able to testify that the two copies which are in his father's possession are to the best of his knowledge true and accurate reproductions from the original.

Therefore, in order to have this film admitted into evidence upon trial, it will be necessary for both ORVILLE NIX, SR. and ORVILLE NIX, JR., to appear in New Orleans as witnesses for the purpose of attempting to identify this film.

MRS. MARY MOORMAN:

2832 Ripplewood Drive
Dallas, Texas
Telephone: Davis-1-9390

On this date, January 17, 1969, I went to the home of MRS. MOORMAN. She informed me that she was presently in possession of the original Polaroid picture which she had taken in Dealey Plaza on the date of the assassination. MRS. MOORMAN seemed to be somewhat uncooperative, and stated that in order for her to appear, and in order for her to bring her photograph to New Orleans formal subpoenas would have to be issued through the interstate rendition of witnesses act. I informed MRS. MOORMAN that these proceedings would be instituted. She stated that she would honor such a procedure.

I recommend that these proceedings be instituted promptly.

NOTE: Upon this date, January 17, 1969, upon returning to the Cabana Motor Hotel in Dallas, Texas, I had a message to contact MR. ROBERT H. JACKSON, Associated Press, at RI-2-3447. MR. JACKSON is the superior of MR. JAMES ALTGENS. MR. JACKSON informed me that because of policy rules of the Associated Press that it would be necessary to file the formal pleadings in order to assure MR. ALTGEN's appearance in New Orleans as a witness. These proceedings should be instituted at once.

RICHARD CARR:

Phone number "Randolph"

We were unable to locate this witness in Dallas, Texas. We contacted Penn Jones and he informed us that he was in contact with RICHARD CARR approximately a year ago, and that he lived in the Oak Cliff section of Dallas, Texas. The Dallas phone book does not indicate or reflect any RICHARD CARR residing in Dallas, Texas, therefore we were unable to contact this witness.

Perhaps under Randolph.*

For further information on RICHARD CARR, we should re-contact Penn Jones and perhaps at a later time he will be able to indicate exactly where in Oak Cliff where RICHARD CARR resided.

WILMER BOND:

6418 Lovers Lane
Dallas, Texas
Telephone: EM-8-1855

On this date, January 17, 1969, I contacted the home of MRS. BOND at the above mentioned telephone number. There I talked with a lady who informed me that MRS. BOND was at work, and that she was not supposed to receive phone calls at her place of employment. I gave MRS. BOND the number of the District Attorney's Office in New Orleans, my home phone number, Alvin Oser's home phone number, and requested that MRS. BOND contact us by long distance collect on Monday. The lady to whom I spoke assured me that MRS. BOND would make every effort to contact us. Further, she said that within the next thirty to forty-five minutes she would attempt to contact MRS. BOND at her place of employment and have MRS. BOND call us. The time now is 1:10 P.M. and we will wait approximately thirty to forty-five minutes to see if MRS. BOND can reach us.

NOTE: MRS. BOND contacted us today, Monday, January 20th and informed me that she is in possession of the original color slides which she took in Dealey Plaza on November 22, 1963. MRS. BOND further stated her willingness to voluntarily appear in New Orleans as a witness.

MR. HENRY WADE:

We attempted to contact MR. HENRY WADE, District Attorney for Dallas County, Dallas, Texas. MR. WADE was not in his office and I spoke with MR. VANCE who is the Chief Assistant for the Dallas County District Attorney's Office. MR. VANCE assured me of their intent to cooperate with us relative to the interstate rendition of witnesses, and requested that we give them at least a week's notice on each one of these motions. He stated that it would probably take at least that long to get the witnesses subpoenaed and brought into court in Dallas. Therefore, I would imagine that we would have to give them at least a 10 to 2 week notice relative in relation to the time they were to be in New Orleans. MR. VANCE gave me the

We received a phone call from a SGT. HOUSE of the Dallas Police Department Intelligence Division. SGT. HOUSE told me that it was the policy of the Dallas Police Department not to allow its men to appear in any court without a valid subpoena. Therefore, he indicated that in light of this policy it would be necessary for us to institute interstate rendition of witnesses to both of these officers. He said that if said proceedings were issued, and if they were ordered to go to New Orleans for the purpose of testimony that they most certainly would do so. He further stated that the economic aspects of their appearance in New Orleans was of no importance as these men would be covered for or reimbursed by the department for any expenses incurred while in the performance of their duty.

We attempted to contact these two officers for two days without success at their home addresses.

SGT. HOUSE indicated to Bill that both officers were still on the Dallas Police Department Force, and would be able to be contacted by subpoena through the Dallas Police Department.

This information was furnished by DICK SPRAGUE as to the whereabouts of MARTIN who is alleged to have an 8mm film taken at Dealey Plaza. An interstate rendition should be filed against JOHN MARTIN because of his reluctance to talk to anybody about his film. Also, a Subpoena Duces Tecum is needed to obtain his film. Prior to drawing up the Subpoena Duces Tecum we should be in contact with DICK SPRAGUE in order to ascertain exactly what the film contains as SPRAGUE has seen it on one or two occasions.

Telephone: WH-3-0102

We had to contact this witness for Jim Alcock and were informed that she is presently in the Methodist Hospital, has been there since Christmas Day 1968. We were not able to determine her condition from the maid, nor what her illness was. However, as we stated before we did acquire her phone number which is WH-3-0102. The address of the Methodist Hospital of Dallas is 301 W. Colorado, telephone Wh-6-8181.
